PATIENT INFORMATION LEAFLET

DRUG NAME: Amitriptylline/Gabapentin/Lidocaine Gel

COMMON USES: This medication is used to treat peripheral neuropathy or other conditions as determined by your physician

HOW TO USE THIS MEDICINE: Follow the directions for using these medications provided by your physician. This medication is for EXTERNAL USE ONLY. IF YOU MISS A DOSE of this medication, take it as soon as you remember the same day. Skip the missed dose if it is almost time for your next dose. DO NOT DOUBLE up on dosages.

CAUTIONS: BEFORE YOU BEGIN TAKING ANY NEW MEDICINE, either prescription or over-the-counter, check with your doctor or pharmacist. This medication may cause sensitivity to sunlight. Avoid prolonged exposure to the sun and wear sunscreen. Contact your physician if you are allergic to amitriptylline, gabapentin, or lidocaine.

POSSIBLE SIDE EFFECTS: Side effects that may occur with this medication include: dizziness, sedation, fatigue, and drowsiness. NOTIFY YOUR DOCTOR if you experience allergic dermatitis, redness, rash, swelling, burning, stinging, irritation, dry mouth, blurred vision, increased heard rate, excessive sedation or difficult urination. If you notice other effects not listed above, contact your doctor, nurse, or pharmacist.
